## Quality, Regulatory, and Claims Solutions for the Chemical Industry

# Bringing Agility to the Chemical Industry.

**Global markets, faster production cycles and changing regulations - those trends create opportunities for chemical organizations to create better, safer and more sustainable chemical products.**

**From development to quality management and regulatory affairs to marketing, Veeva helps eliminate inefficiencies and improve collaboration with all stakeholders across the globe.**

- Centralize product and registration status, globally and regionally
- Manage due dates and timelines for registration processes (e.g. REACH, TSCA)
- Ensure compliance with quality standards
- Manage product and marketing claims
- Support cross-functional collaboration and training

"Veeva will help us address BASF's regulatory requirements of our crop protection business. Veeva QualityOne will provide a foundation for our digital transformation."

**Rainer Becht-Mattern, head of IS business architecture R&D, crop protection, BASF**
