# VQualityOne Station Manager

veeva

Always have the right content, on the right station, at the right time

Greater demands on manufacturing are accelerating digitalization. With more complex supply chains and a shift towards multi-product manufacturing facilities, companies are transforming operations to enable agility. Digitizing content and processes allows better support of new business requirements and engages operators—boosting compliance.

QualityOne Station Manager is a modern, easy to use mobile application for the shop floor. It helps ensure the right content is always available for greater compliance and efficiency.

Key Business Benefits

Always Up-to-Date:
Ensure stations on the manufacturing floor always have current content

Instant Information Access:
Enable operators to quickly find and access the right information—boosting compliance

Reduce Risk:
Centrally manage and track SOPs, work instructions and other documents on each station and device

Single Source of Truth:
Seamlessly manage documents in QualityOne Document Control and deliver it onto mobile tablets with QualityOne Station Manager

VQualityOne Station Manager

Mobile Application
Designed for the manufacturing shop floor, operators can use tablet devices to access information from anywhere.

Modern Interface
With an intuitive user experience, operators can quickly find and access documents and work instructions they need with a couple of taps.

Automatic Content Synchronization
Automatically synchronize content at each station and device with new approved versions.

Offline Access
Local content copies ensure continuous access to information when offline or in the event of an internet outage.

Station and Device Specific Content
Centrally manage content and automatically or manually digitally deliver it to each station and approved tablet.

Robust Audit Trails
Detailed audit trails capture information including every document and version in use on each device.
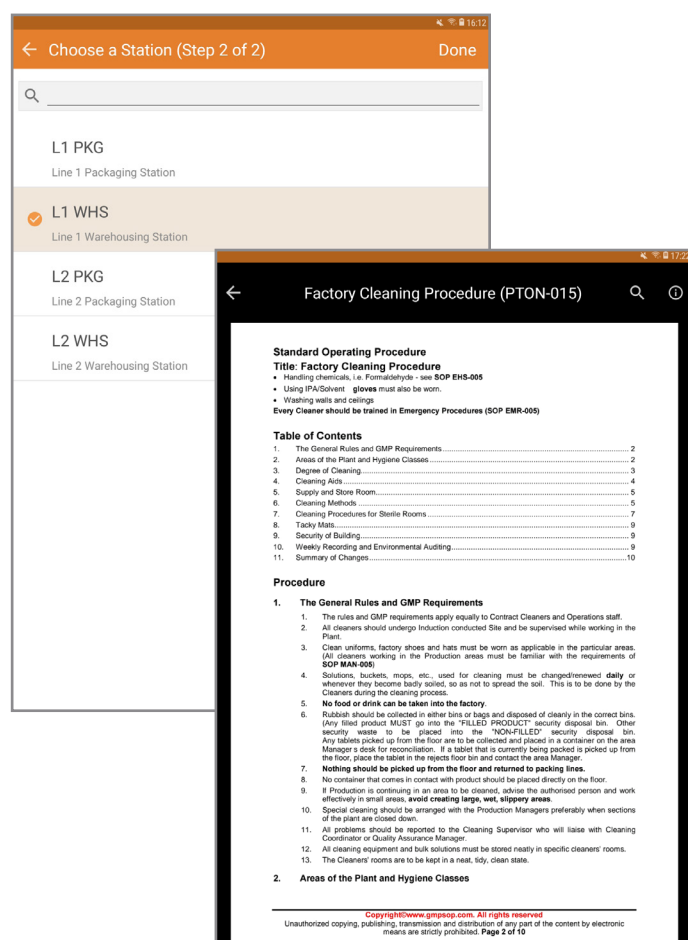

Content Formats
Manage different file formats such as Microsoft Office applications and photos and easily share content via autogenerated pdf renditions.

Reports and Dashboards
Leverage reports and dashboards to see and track documents and versions in use at each facility, station, or device.

Single Source of Truth for Quality Content
QualityOne Station Manager seamlessly works with QualityOne Document Control to ensure all users and devices have access to a single source of truth for quality content.

About Veeva

Founded in 2007, Veeva NYSE (VEEV), is a global provider of cloud-based software solutions. We help quality, regulatory and commercial teams in the cosmetics, consumer goods, and chemical industries unify disconnected processes, documents and data. In doing so, we help our customers eliminate inefficiencies so they can bring innovative, high quality products to market faster without compromising compliance. Veeva is headquartered in the San Francisco Bay Area, with offices throughout North America, Europe, Asia, and Latin America. Learn more.
